

## TECHNICAL DATA SHEET

### WRP Bio-Cleaner

Document No.: WRP-TDS-001   Revision: 1.0   Issue Date: July 2026

### Product Description

WRP Bio-Cleaner is a biodegradable surface cleaner formulated to remove dirt, mildew, mold, algae, grease, and other contaminants from wood prior to restoration. It prepares wood for maximum performance of the WRP Wood Restoration System by improving consolidant penetration and repair adhesion.

### Features & Benefits

- Biodegradable formula
- Removes dirt, mildew, mold, algae and contaminants
- Improves consolidant penetration
- Interior and exterior use
- Easy spray-on, scrub and rinse application

### Recommended Uses

Window sills, door frames, fascia, soffits, trim, porch columns, decks, structural wood, and wood surfaces before applying WRP restoration products.

### Surface Preparation

Remove loose paint and deteriorated wood. Apply WRP Bio-Cleaner, allow it to dwell, rinse thoroughly, and allow the wood to dry.

### Application Instructions

1. Spray or apply WRP Bio-Cleaner directly onto the wood surface.
2. Allow sufficient dwell time for the cleaner to loosen contaminants.
3. Rinse thoroughly with clean water.
4. Allow the substrate to dry completely before applying WRP Liquid Wood Consolidant or other WRP restoration products.

## Technical Information

Property	Value
Product Type	Biodegradable Wood Cleaner
Appearance	Clear Liquid
Odor	Mild
Application	Spray, Brush, Sponge, Dauber
Cleanup	Water
Storage	40°F–90°F
Shelf Life	24 Months (Unopened)

## Cleanup

Clean equipment immediately with water.

## Storage

Store in the original sealed container in a cool, dry location. Protect from freezing and excessive heat.

## Limitations

Do not mix with other cleaners. Test on a small area before use. Not intended as a paint remover.

## Safety Information

Read the WRP Bio-Cleaner Safety Data Sheet (SDS) before use. Wear appropriate personal protective equipment.

## Warranty

Information is believed accurate but users are responsible for determining suitability for their application.
